MINI LIGHT MATERIAL BUCKETS

FOR COMPACT TOOL CARRIERS

Our Paladin® mini light material bucket is designed for increased durability and versatility. It features a wear-resistant high carbon cutter edge as standard, ensuring long-lasting performance. The HD reinforcement box structures further enhance its durability, making it ideal for heavy-duty applications. The wear bars on the underside provide additional protection against wear and tear, while the 3/16" thick grade 50 steel body ensures maximum strength and reliability. This mini light material bucket is the perfect choice for those looking for a high-quality bucket that can withstand even the toughest conditions.
